

Family fun at Flamborough Cliffs nature reserve

Make the most of the coast whatever the season...

NEAREST TOWN
Six miles from Bridlington

NEAREST POSTCODE
YO15 1BJ

CAR PARKING
Car parking at North Landing and Flamborough Lighthouse (charges apply).

Down on the beach

- ✓ Look up and see millions of years before your eyes!
When the last dinosaurs roamed the earth, Flamborough's chalk cliffs were forming
- ✓ Discover rockpools full of weird and wonderful life
When the tide is out, colourful marine marvels can be found lurking amongst the rocks
- ✓ X marks the spot! Will you discover a smuggler's cave?
Local legend says the sea caves were used by pirates to hide their treasure
- ✓ Tuck into a picnic! (But don't forget to take your litter home)
Sandwiches are tastier when accompanied by the sound of lapping waves
- ✓ Refresh your feet with a paddle in the North Sea
What better way to end the day after feeling sand between your toes!

Up on the cliffs

Walk past the café building and follow the path to get 100ft (38 metres) high!

- ✓ Listen out for thousands of seabirds before you see or even smell them!
Between April – July, the cliff faces become jam-packed with nesting seabirds, including puffins
- ✓ Fill your lungs with deep breaths of fresh air and feel the wind on your face
There's nothing quite like sea air to blow the cobwebs away!
- ✓ Sea watch! Keep your eyes peeled for mighty marine mammals...
Minke whales, bottlenose dolphins and porpoise make a splash off Yorkshire's coast
- ✓ Spot as many different plants and wildflowers as you can
The colourful flowers growing here love the chalk-rich soil and salty air
- ✓ Count brilliant birds flying and singing overhead
Lots of different birds nest and shelter all over the reserve – not just on the cliff faces

Always stay a safe distance from the cliff edge

Be careful to watch the tide – it can come in fast

How many experiences will you tick off?

Help protect Yorkshire's special wildlife by following our seashore code

And most importantly...
Don't forget to wash your hands afterwards!

RESPECT THE WILDLIFE

Put me back

Always return rockpool creatures to the place you found them, as many can't survive without water.

Keep me hidden

Carefully replace all rocks and seaweeds as you found them.

Handle me with care

Please avoid touching soft-bodied animals like anemones as it can harm them.

Watch your step

Avoid trampling on seaweeds and animals by keeping to bare rock, it's also less slippery.

Don't make me homeless

Make sure a shell is empty before taking it home.

STAY SAFE

Take all your litter home with you

Help to keep our beaches clean and safe for people and wildlife.

Keep away from cliff edges and bases

Cliff falls are frequent and unexpected.

Take care on slippery rocks

Wear sensible shoes!

Check the tide times

It comes in quickly here and you can easily get cut off.

Keep away from soft sand and mud

It's easier to sink than you might think!
